Experience

Student UT Coding Bootcamp, Austin, TX | Mar 2017 - May 2017

- Managed team projects with git version control
- Created an interactive, mobile-friendly web app with Materialize, jQuery, and front-end dynamic animations for a smooth, modern user experience

Furever | Launched App | Repo

Operations Coordinator Mutual Mobile, Austin, TX | Jan 2016 - Mar 2017

- Maintained office operations by managing timesheets, submitting and filing client invoices, performing PTO audits, organizing client on-sites, meet-ups, and monthly company-wide town halls, reviewing facility coordinator's budget, and acting as liaison between sublesasers and administration
- Having a support role at a tech company allowed me to see all stages of the development for dynamic web projects
 - QA Training: Learned how to automate and document tests from existing test cases in Python

Volunteer

Assistant Austin Area Wildlife Rehab, Austin, TX | Jun 2015 - current

Care for injured or orphaned wildlife until they can be released or trained for educational programs

Wish Granter

Make-A-Wish, Austin, TX | Dec 2014 - current

Facilitate meetings with wish recipients and their families to plan their wish

Education

B.S. Biology The University of Texas at Austin | Aug 2011 - Dec 2014
